

K-LOVE serves me as resident of Herriman by enabling me to practice my freedom of religion and to have a choice of what to listen to on the radio, there are no other stations like K-LOVE.

I think it would be a negative effect on the local community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming. Again, there is no other station like this that plays Christian music continually and commercial free.

I believe that the service provided by K-LOVE is in the public interest because they provide a way for someone to hear about God/Jesus in a non threatening and encouraging way. They touch lives through their broadcasts and offer their services -- such as calling in to pray with someone, or you can just listen to the music and I don't have to worry about any questionable content by 3 year old will hear.
